Dr. Forastiere:

Great news! Despite the 8th Annual Jonathan B. Loden Memorial Golf Tournament being cancelled for reasons beyond our control, the supporters of the JBL Foundation have come through in a big way. Rather than requesting refunds, many of our golfers and sponsors chose to donate their registration fees to Johns Hopkins! Due to their overwhelming generosity, I am thrilled to include a donation check of \$7,500 along with this letter.

My family and I were thrilled to meet with you and Dr. Chung in October. The presentation and subsequent lab tour meant a tremendous amount to us. We were able to see first-hand how you and your team work tirelessly to eradicate the disease that took Jon from us in 2006. We applaud and thank you for this crucial research.

I am confident that our golf course closure issue (due to a gas line) was a one year anomaly – and we'll be back better than ever in 2014. I hope to see you at the 8th Annual JBL Memorial Golf Tournament on Friday, September 19th, 2014.

Sincerely,

A handwritten signature in black ink, appearing to read "Bryan Loden", with a long, sweeping horizontal line extending to the right.

Bryan Loden

On behalf of the Jonathan B. Loden Foundation
