Mount Airy, MD 21771

Dear Tim, Laurel and Bryan,

On behalf of the Head and Neck Cancer Program at Johns Hopkins, please accept my deepest appreciation for your very generous gift from the 7<sup>th</sup> Annual Jonathan B. Loden Memorial Golf Tournament. We congratulate you, your friends, and family for raising \$20,000 for head and neck cancer research. Your efforts over the past seven years are a testament to Jon and the many lives he touched. We are thankful that you honor him by supporting our work at Johns Hopkins.

We are very grateful for donors like you who provide funds that enable us to pursue high impact research projects that would not happen otherwise. With your dedication, we can continue to gradually improve the outcome for patients with cancers of the head and neck. In addition, our program has an emphasis on training junior faculty in head and neck cancer research to ensure that progress in this area will continue in the years to come.

I look forward to providing you future updates on the advancements of our group. Thank you for all that you do, and see you on September 20<sup>th</sup> for next year's event.

Sincerely,

Arlene A. Forastiere, M.D.  
Professor of Oncology
